Policies: General Terms of Business and Delivery.

DP SADDLES: There is a 10 day money back guarantee on DP saddles, but please keep in mind to treat them gently and only ride in it 1-2 times. No restocking fee is charged if you return it in a great condition. If you return an item, please understand that you will be responsible for the shipping costs to and from you. If you return an item with greater signs of use than normal, we reserve the right to hold the depreciation value from your original payment and will refund the remaining balance to you. Should the items be returned in an unsellable fashion, you will be charged at wholesale prices to cover our loss. We take great pride in our products and want the next customer to be just as satisfied. Shall one of our products be truly defective, we will of course not charge you any return fees and will mail you a return label. When you ship an item back to us, you must provide us with a tracking number upon shipment, either by phone or email to dianne@hest.com.au and send it fully insured. Our \$120 Saddle Trial Fee does apply on all saddle returns with the exception of faulty items, if a replacement saddle is not ordered.

DEUBER & PARTNER WARRANTY: Used properly, sensible care and proper storage, we grant the owners of our saddles a total period of 3 years, and 5 years warranty on the ULTRA FLEX TREE. The warranty is only valid upon presentation of the original invoice and warranty passport. Since leather is a natural product, it may have visible, small colour changes or scarring or overgrown cracks. These are not leather errors, but a sign of authenticity. Wear and tear parts (e.g. as girth/cinch, tie-strap, off-billet, girth, Anti-Slip-Fender Protection, stirrup leather or silver parts) are imposed by the warranty.

STARTREKK TREELESS SADDLE WARRANTY: Used properly, sensible care and proper storage, we grant the owners of our Startrekk saddles a total period of 2 years.

CARING FOR YOUR SADDLE: A warranty is only guaranteed if your saddle is used properly, preserved and maintained. Leather is a natural product and reacts to environmental influences. Keep your saddle in a dry, cool and dark room and store it on a suitable saddle rack. The tack room should be separated from the barn. Clean your saddle regularly from dirt and other residue with a damp cloth and mild saddle soap. In order to preserve the high-quality vegetable tanned leather in substance and quality, oil the leather of your saddle once or twice a year sparingly after cleaning. When oiling or conditioning your saddle, please note that the rough leather underside absorbs much more oil than the smooth leather side. The underside is therefore only to be treated sparingly.

WARNING: Never oil any of the Nubuck leather areas and adjoining edges of your saddle! Bright natural coloured saddles will darken when oil is applied! For leather care in between rides use a high quality leather grease (especially for tanned vegetable leather), which has an impregnating effect. All fats/greases/oils are to be used sparingly; otherwise the leather will lose its tension and stability.

MATTES PRODUCTS: Any Mattes products sold on this website are considered custom made products and for all products in customer selected colour combinations, are therefore excluded from returns. This limitation does not apply to quality issues. Condition for the processing of claims is the presentation of a sales receipt. Any return shipment will strictly only be accepted after prior approval.

IMPORTANT INFORMATION ABOUT BRIGHTLY COLOURED AND DARK COLOURED SHEEPSKIN: There is a possibility of dye bleeding from dark or bright coloured skin onto light coloured quilt. A slight staining is possible from dark or bright coloured wool onto the hair of grey horses. Fading of the wools surface is also possible. This is due to the composition of the horses sweat, which can be different from horse to horse. The same applies to dark and bright dyes on saddle leathers.

SALES & SHIPPING INFORMATION: All prices shown are in Australian dollars. DP Saddlery Australia accepts direct deposit/internet transfer (zero surcharge), PayPal (3% surcharge), Visa or MasterCard (1.6% surcharge), AMEX or DINERS (2.8% surcharge) & personal cheque. If paying by cheque, shipment will be made after your cheque has been

cleared by the banks. All orders are subject to a 15% non refundable deposit / restocking fee unless otherwise specified. Deposits paid on cancelled orders are non refundable if work on the saddle has begun.

CUSTOM/SPECIAL ORDERS: please allow 10 - 16 weeks from date of order for shipment of items unless otherwise specified. Full payment will be due before the saddle is shipped to Australia. It can happen that certain products are back ordered from the manufacturers side, unfortunately that can result in longer waiting times and we apologise sincerely if this should occur.

Please inspect your products upon arrival. Any damage to products due to shipping must be immediately reported to us.

RETURN POLICY: A 10 day return policy applies to all new Saddles unless otherwise specified. You are allowed 10 days from arrival date of your new Saddle at your address for notification of return. Please contact us to discuss any fitting problems or other issues you may encounter with your new saddle before sending the saddle back to us. Failure to contact us to discuss an issue or an unwillingness to try suggested solutions to create an ideal fit, will incur an automatic restocking fee of 15% of the full purchase price. 'Fitting photos' must be provided to us. Once you have discussed any issues with us, it may be agreed that you return saddle for exchange or refund.

Please note that an exchange/refund can only be given if the saddle and/or accessories are absolutely clean, hair-free, and show no evidence of use. If the products returned show signs of use, DP Saddlery Australia will withhold the exact amount we will have to give as a discount to the next purchaser, as it will no longer be possible to sell the saddle as new. Shipping on returns must be covered by the purchaser. Replacements will be forwarded strictly after the products have been returned and have been inspected by DP Saddlery Australia. If the replacement item is not in stock, it will be ordered in from our supplier. Wait times may apply.

Please return the item/s via registered, traceable and insured post only. There are no returns 'for change of mind' under any circumstances. If the saddle you ordered has customisations that deem the saddle to be a custom order, then no return is possible, unless for a warranty issue.

Our \$120 Saddle Trial Fee will be retained from all saddle refunds.
